

JOIN A LEADING FACULTY IN THE HEART OF SCIENTIFIC INNOVATION

The Schulich Faculty of Chemistry at the Technion – Israel Institute of Technology invites applications for **tenure-track faculty positions (Young and mid-age candidates)**.

We seek outstanding candidates eager to establish independent, cutting-edge research programs in all areas of modern chemistry, experimental, theoretical, and computational.

Priority research areas include:

- Quantum optics and Microscopy/spectroscopy.
- Chemical biology
- Advanced Magnetic resonance
- Drug development
- Functional and smart Bio materials
- Catalysis
- Sustainability
- Artificial Intelligence in Chemistry
- Molecular imaging

Qualifications

- Applicants must:
- Hold a Ph.D. (or equivalent)
- Have completed postdoctoral training
- Demonstrate the potential to lead a competitive, externally funded research program
- Contribute actively to undergraduate and graduate education
- Appointments will be made at a rank commensurate with qualifications and experience.

Application Requirements

- Applications must be submitted as a single PDF file and should include:
- Cover letter
- Curriculum vitae, including a full list of publications
- Research statement
- Teaching statement
- Names and contact details of four referees

Submission

- Please send applications to:
- Prof. Efrat Lifshitz
- Dean, [Schulich Faculty of Chemistry](#)
- Email: ch.dean@technion.ac.il
